MEMORANDUM FOR THE FILES

Major Laird of G-2 has discussed with me their desire that the ONI proposal for the release of certain NIS Gazeteers to the Intelligence Elements of SACLANT's Headquarters be extended to cover the Intelligence Elements of SHAPS. He advised me that a proposal to that effect had been approved by G-2 and was being referred to us. I stated that as soon as it was received we would refer it for concurrence under the IAC-D-45/22 Procedure.
